

**COSMETOLOGY** - Cosmetology is the science of beautifying and improving the appearance of the complexion, hair, skin, and nails. It includes courses in Fundamentals of Hair Cutting and Styling, Trichology, Fundamentals of Chemical Services, and Advanced Hair Cutting and Styling. The Cosmetology program is designed to prepare high school students for the Ohio State Board of Cosmetology examination and to enter into employment as licensed cosmetologists after graduation. The Ohio State Board of Cosmetology requires every candidate to complete a minimum of 1500 hours of training to be eligible for the licensing examination. The Ohio State Board of Cosmetology mandates the Cosmetology Certification test for all program completers. Cosmetology graduates upon passing the State Board of Cosmetology examination will receive their Cosmetology license and at eligible to receive articulated college credits upon graduation.
